REPLY TO OFFICE ACTION

Sir:

In reply to the Office Action dated July 28, 1999, applicants hereby amend the above-identified patent application as follows:

In The Claims

Please add new claims 14-25 as follows:

13--14. A method for displaying interactive program guide data with television programming that is displayed on a viewer's display screen, comprising:

displaying television programming; and
displaying the interactive program guide data in an interactive program guide data display wherein at least a portion of the interactive program guide data display has a perceived partial transparency so that the television programming can be at least partially perceived by a television viewer through the portion of the interactive program guide data display. --

14--15. The method of claim 14, further comprising causing the perceived partial transparency of the portion of the
